

Syed Mesum Ali Shah

Full Stack & AI Agents Developer

Karachi, Pakistan | s.mesumali99@gmail.com | +92 331 2096750 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Developer specialized in building intelligent systems and autonomous business architectures. Expert in bridging the gap between LLMs and production-ready software using Spec-Driven Development and Multi-Agent Orchestration. Currently pursuing Software Engineering, focused on delivering scalable CRM and Inventory solutions that optimize operational efficiency through advanced AI automation.

TECHNICAL SKILLS

AI & Agents:	OpenAI Agents Python SDK, Multi-Agent Orchestration, Spec-Driven Development (SpeckitPlus), n8n Workflow Automation
Frontend:	Next.js (App Router), React.js, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3
Backend:	Python, FastAPI, Node.js, RESTful API Design, JWT Authentication
Databases:	PostgreSQL (Neon), Prisma (ORM), SQLAlchemy, Alembic (Migrations)
DevOps & Tools:	Git/GitHub, Vercel, Hugging Face, Postman, Linux, AI Observability Tools

PROFESSIONAL EXPERIENCE

Jr. Full Stack Developer | Plug IT Solution

Aug 2024 – Mar 2025

- Built and maintained full-stack web applications using Next.js and FastAPI, improving system performance and scalability.
- Designed and developed RESTful APIs for CRM and inventory management systems, ensuring seamless and efficient data flow.
- Collaborated with cross-functional teams to deliver production-ready software on schedule.

Full Stack Developer | Freelance / Client Work

Apr 2025 – Present

- Delivered custom CRM and inventory management systems for local businesses, improving operational efficiency.
- Built AI-powered chatbots using RAG (Retrieval-Augmented Generation) pipelines for customer support and internal process automation.
- Delivered complete end-to-end solutions including frontend, backend APIs, database design, and cloud deployment.
- Worked directly with clients to gather requirements and deliver scalable, business-focused solutions.
